Dear Sirs,

This is to confirm that Research Group Infomine (Russia) has been a partner of FERTECON, the global fertilizer publisher and consultant owned by Informa PLC, for more than 20 years.

Providing us with timely and accurate data and information with respect to Russia and the wider region in fertilizers and downstream products, Research Group Infomine (Russia) makes an important contribution to our publishing operations.

We would recommend them as a reputable partner for research projects.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "I. Hart".
